

Camps on Campus menu from the Prospector Restaurant Summer 2009:

Our friends in **Chartwells College & University Dining Services** have kindly made the following special menu available for our campers. The cost (same as last year!) is still \$5.00/day, and conveniently includes tax. Your child can bring a lunch in an insulated cooler every day, if desired; or can bring one some days and buy it the rest of the time; or can buy lunch every day. The children in each camp will all eat together at reserved tables in the Prospector.

For Cool Schoolers, if you like to give the money to your child’s counselor at morning drop-off, he or she will take care of it for you.

Overnight campers will usually eat all their meals in the Prospector.

Please note: There are several separate restaurants within the same building, but we just don’t have the staff or the time to escort each child individually to a favorite. For example, Chick-Fil-A is available as part of the special Camps on Campus menu only, unless your child is old enough to manage on his or her own, and you have given us special permission.
